

Yale School of Architecture Class Reunion Preliminary Planning Form

Classes are empowered to organize their reunions on a five-year basis. The Yale School of Architecture Alumni Affairs staff will coordinate with the class for possible access to Paul Rudolph Hall, participation of deans and/or faculty, and classmate contact information. Due to the robust offerings of the academic program, YSoA has limited weekend availability for on-campus reunions. Please contact the Alumni Affairs Office (see below) to learn of the current dates reserved for reunion activities. YSoA will also support virtual and off-campus reunions with contact information and limited resources. Classes are also welcome to extend their reunion invitations to the adjacent class years for which YSoA will provide contact information.

One member of the class should be designated as liaison with the School.
